

Dear furnose(s)

With love and attention to detail our owner and the Isarhund team have created your personal wellness resting place.

For long lasting happiness your treasures from Isarhund need to be washed from time to time.

Don't be sad, washing is done quickly.

Some care instructions for mummies and daddies

Beds and bags can be washed at 30 degrees with the delicates program.

Use mild detergent and no fabric softener.

It is done best in a duvet cover, like that it is gentle to bed/bag and washing machine.

We cannot give you any advice for the tumbler.®

There are too many brands and types on the market, not all of them are suited for the high quality fabrics of your special bed/bag.

If any of you have a fake fur in their beds, please tell your owner to comb it, when it is dry, so it will become very soft again.

We wish you lots of cuddly hours

Sandra and the Isardogs
